Education

- University of Toronto — BSc Mathematics & Physics** Sep 2023 – Jun 2026 (Expected)
- Certificate of Business, Rotman School of Commerce.
 - Relevant modules: Ordinary & Partial Differential Equations, Linear Algebra, Multivariable Calculus, Combinatorics, Abstract Mathematics, Advanced Classical Mechanics, Practical Physics Labs.
 - Supplementary: Economics, Business Ethics, Environmental Sustainability, Psychology.
- Dauntsey's School — A Levels & GCSEs** Sep 2017 – Jun 2022
- A Levels: Mathematics (A), Physics (B), Economics (B).
 - Captain, 2nd XI Hockey; Devizes Club 1st Team Hockey; 1st Team Rugby & Cricket.

Employment & Experience

- Gompels Healthcare — Business Development (Procurement, Property & AI Workflows)** Apr 2026 – Present
- Supporting a new-warehouse expansion across procurement, property and process: sourcing machinery from manufacturers in China (visiting factories in Shanghai to finalise deals) and helping draft the property contracts behind the move.
 - Built a constrained-integer racking-layout optimiser that maximises storage while keeping structural pillars clear of forklift aisles; prototyped AI-driven workflows to accelerate research, planning and decision-making.
- EgaTree — Quantitative Researcher (Internship)** May 2026 – Jul 2026
- Data-science & quantitative-research internship: worked hands-on with real financial time-series data, statistical modelling and physics-inspired forecasting approaches, spanning quantitative research and numerical analysis.
- University of Toronto Ski & Snowboard Club — Vice-President** Jan 2025 – Present
- Directed operations for a 400+ member organisation; recruited and managed 15+ executives; introduced inclusivity policies that lifted member engagement 20% and reduced planning inefficiencies.
- Phi Gamma Delta — Property Manager** Sep 2024 – Nov 2025
- Revitalised a century-old charitable property: rebuilt owner trust after two decades of strained relations and unlocked a \$70K renovation fund through prioritised, objective-aligned planning.
 - Designed and ran operational workflows for a 45-member team, improving completion rates, accountability and collaboration.
- Only Four Ltd — Project Manager** Oct 2023 – Aug 2025
- Processed and dispatched 200+ orders daily at 99% accuracy under high demand; identified bottlenecks and prototyped improvements projected to cut pick-and-pack time ~0.5s per item (~500 hours annually).
- InvestIN — Investment Banking Internship** Jul – Aug 2021
- Built financial models, ran equity valuations and presented M&A pitch decks in banking simulations — exposure to capital markets and client advisory.

Certificates & Extracurricular

- INSEAD — Summer Programme, Business & Entrepreneurship** Jun – Aug 2024
- Intensive exposure to entrepreneurship, innovation strategy and global business; presented case studies and startup simulations, building cross-cultural teamwork and pitching skills.
- Smallpeice Trust — Engineering Programmes** Jul 2017 & Jul 2018
- Automotive design-and-build alongside Bloodhound / Rolls-Royce / JLR mentors: prototyping, budget management and data analysis with systems thinking and technical communication.

Volunteering

- Help 4 Homeless — Bath, UK** Jul 2018 – Present
- Support homelessness outreach, distributing meals and clothing to build trust and community.
- Humanity First — Toronto, Canada** Oct 2022
- Prepared and delivered 250 food and toiletry packages for homeless people across Toronto.

Skills

- **Data & Technology:** Python (NumPy, SciPy, Matplotlib), LaTeX, Microsoft Office Suite, AI-driven analysis, data visualisation.
- **Quantitative & Commercial:** Financial modelling, equity valuation, statistical modelling, optimisation, market & competitive analysis, stakeholder engagement.
- **Languages:** English (native), French (working proficiency).
